AA Kulczewski gave the Park & Rec report for Al Dewart: The park is in good overall condition, the new playground equipment is holding up well and the park is being used regularly; the redwood chips have settled a couple inches so more are needed; tennis and basketball courts still need resurfacing; due to wet winter more frequent weed whacking will be needed to keep weeds down; the problem with the septic tank has been resolved and the restrooms are operational again. Directors P. Barry and H. Canelis discussed the need to fill the cracks in the courts and fixing the hill sloughing off onto the basketball court during rains.

Chief Krausmann reported Engine 5282 is back in service but 5290 is now out of service due to mechanical problems; it will take 4-5 months to get the chassis for the new rescue rig then 6 months to build, will have to fly back for pre-build conference; he was successful in getting a discount off the price of the new rescue rig of about \$1,800 through the Ford fleet program; and we need to start talking about shoring up behind Station 1.

7. Action Items

a. Station 1 Kitchen and Women's Bathroom Renovation/Improvements – Presentation on kitchen renovation by Marissa Martinez-Adamis and Ashley Parmeter, total cost between \$38,000 and \$52,000 depending on options. Suggestions were made to form a sub-committee to look into what we want and can do for the future, hire a consultant to look over everything to see what we can do, and only doing part of the suggested renovations. After further discussion, item tabled to July meeting.

b. Firehall fencing – No update, item tabled to July meeting.

- c. **Fuel Tank for Fire Department** – Chief Krausmann has seen used tanks going for \$7,000-\$8,000, would also have to have a concrete pad to put it on; he will look into pricing on a 500-gallon split tank (250-gas, 250-diesel). After further discussion, item tabled to July meeting.

Parmeter Park Maintenance Summary March 1, 2024

Cazadero Community Services District:

3-1-24

The park is in good overall condition. The newer playground equipment is holding up well with no malfunctions. One of the wood picnic tables that Paul was using at Railroad station was moved back to the new playground and is being used regularly by park patrons. The other table remains at the railroad station.

The park restrooms have been cleaned a minimum of 4 times weekly (Mon, Wed, Fri and Sat). I have been power blowing and sweeping the park, courts, adjacent paths, parking areas and lower Austin Creek Rd. 3-4 times per week.

The new playground area is going to need more redwood chips since the chips have settled a couple of inches since being delivered and spread out.

The bathroom sinks and toilets are older but functioning well. The paper dispensers are older but still functioning ok.

As previously mentioned in prior reports over last few years, the tennis ct and basketball courts are going to need resurfacing. Older finish coat continues to flake off with the rate of flaking escalating.

There have been no notable abnormalities, vandalism or illegal dumped garbage incidents since last report.

I have begun first round of weedwacking. Last winter had excessive rain so there will be heavier weedwacking necessary to keep the weeds down, especially in the areas above the railroad station and hillside across the street from the firehouse where heavy brush removal was done last season.

Parmeter Park Maintenance Summary June 1, 2024

Cazadero Community Services District:

6-1-24

The park is in good overall condition. The newer playground equipment is holding up well with no malfunctions.

The park restrooms have been cleaned a minimum of 4 times weekly (Mon, Wed, Fri and Sat). I have been power blowing and sweeping the park, courts, adjacent paths, parking areas and lower Austin Creek Rd. 3-4 times per week.

The bathroom sinks and toilets are older but functioning well. The paper dispensers are older but still functioning ok.

As previously reported, the tennis ct and basketball courts are going to need resurfacing. Older finish coat continues to flake off with the rate of flaking escalating.

There have been no notable vandalism or illegal dumped garbage incidents since last report.

I have begun second and third rounds of weedwacking. This year is a bad year for weed growth and will require as much as 2 to 3 times the normal weedwacking.

On 5-7-24 I discovered a problem with the mens bathroom toilet overflowing. Further assessed and suspected possible problem at septic tank. I closed the mens side of the restrooms until repairs could be made. I cleaned up the toilet and floor with liquid bleach and water. The womens restroom toilet was still functioning ok so left it open. I popped the septic tank covers and noted high septic water level in tank. Contacted Paul and Homer. Suspected possible leech line failure. Paul and Home contacted septic company. Company came out at earliest availability on 5-21-24. During vacuum removal of the septic liquied, Technician discovered tank outlet was plugged. Technician unplugged and tested outlet. Outlet works. Water flowing to leech line normally. Tech will check on riser repair because old tank caps are work and chipped at edges and need replacement. I believe Paul and Homer are coordinating this repair/replacement with the septic company. I reopened the mens restroom after cleaning and disinfecting it.

BREAKING NEWS: Taxpayer Deception Act Pulled from November Ballot by Supreme Court

Today, the [California Supreme Court](#) ruled Initiative 1935 ineligible for the November 2024 statewide ballot. Known by opponents as The Taxpayer Deception Act, Initiative 1935 would have revised the State Constitution to retroactively invalidate hundreds of local ballot measures and jeopardized billions of dollars in funding for essential services.

In its 7-0 opinion in the case of [Legislature v. Weber](#), authored by Justice Liu and concurred with by Chief Justice Guerrero and Justices Corrigan, Kruger, Groban, Jenkins, and Evans, the Court concluded that, "Petitioners have clearly established that the challenged measure would revise the Constitution without complying with the appropriate procedure. The changes proposed by the TPA [Taxpayer Protection Act] are within the electorate's prerogative to enact, but because those changes would substantially alter our basic plan of government, the proposal cannot be enacted by initiative. It is instead governed by the procedures for revising our Constitution. We therefore issue a peremptory writ of mandate directing the Secretary to refrain from taking any steps to place the TPA on the November 5, 2024 election ballot or to include the measure in the voter information guide."

In response to the opinion, CSDA Chief Executive Officer Neil McCormick issued the following statement:

"The California Supreme Court today took decisive action to preserve the rights of voters and to protect local control, as well as the State Constitution. By finding Initiative 1935 to be unconstitutional, the court clearly recognized this dangerous and illegal measure was in conflict with the principles of

our democracy. This decisive action will protect communities from disruptions to essential services like water, sanitation, and fire protection, which would have been otherwise unavoidable under the draconian and retroactive provisions of the initiative.”

CSDA has stood in opposition to Initiative 1935 since its initial filing as Initiative 21-0042A1, working diligently to educate members and stakeholders on the dangerous and unlawful impacts the measure would have on California’s communities. Over 140 special districts adopted an oppose resolution on the initiative.

The State Legislature, Governor Gavin Newsom, and former Senate President Pro Tem John Burton filed a petition in the original jurisdiction of the Supreme Court for an order directing Secretary Weber to remove the measure from the ballot. The Supreme Court typically hears appeals from lower courts, and exercise of its original jurisdiction is rare. At the urging of a wide range of amici, coalition of local government advocates including the CSDA among them, the Court ordered full briefing and argument of the petition.

Today’s decision does not become final until five days after the opinion has been filed. In the interim, the court has discretion whether to grant a timely petition for rehearing or to modify its decision. If a petition for rehearing is granted, the process begins again, and a new calendar memorandum is prepared and circulated.

In the wake of this opinion on Initiative 1935, attention turns to the June 27 deadline for the Legislature to add measures to the ballot, such as bonds, as well as for initiative proponents to negotiate with the State Legislature over potential compromises.
